2. Introduction

The RSL network of Sub-Branches dedicates itself to the task of raising much needed money for the RSL’s primary objective of providing support to veterans and their families when they need help. The RSL supports and engages with veterans from all generations. The granting of an RSL Sub-Branch Charter carries with it important obligations, particularly working in support of veterans and raising money for veteran welfare through the ANZAC and Poppy Appeals. The donating public expects that their money will be directed, by the RSL, to benevolent veteran welfare assistance.

3. Authority

- (a) The General Appeals Patriotic Fund Agency Agreement between Returned & Services League of Australia (Victorian Branch) Incorporated and the RSL Sub-Branch sets out the terms of the Agency Agreement between the RSL State Branch as Trustee of the RSL GAPF and the Sub-Branch. The RSL GAPF is a registered charity with the ACNC and is registered as a Patriotic Fund with CAV. The RSL GAPF is registered with the ATO as a PBI with DGR status.
- (b) The DGR status represents one of the ATO’s highest taxation concessions, these concessions bring with them a high level of regulation by the ATO. As well as the ATO, the RSL GAPF is also regulated by CAV and ACNC.
- (c) In practice, the Sub-Branch Agency account operates as an agent for the RSL GAPF. By accepting the Agent’s role, the Sub-Branch agrees to operate under limited agency authority granted and guided by RSL State Branch in its capacity as trustee of the RSL GAPF. See definitions “Principal-Agent relationship”. The RSL State Branch State Executive is the responsible authority of the RSL GAPF.

4. Objective of the RSL General Appeals Patriotic Fund

RSL GAPF monies, wherever these monies are raised, are reserved for the benevolent welfare of veterans and their dependents when in need.

5. Deductible Gift Recipient Status

- (a) By virtue of the DGR status afforded to the RSL GAPF, donations (either from badge sales or cash donations) made by the public to the Sub-Branch Agency account enable the public to claim that donation as a personal tax deduction.
- (b) To satisfy the DGR requirements, all monies raised must to be remitted to the RSL GAPF.
- (c) To allow the donor to claim the donation as a tax deduction, the ATO requires the Sub-Branch to:
 - a. Deposit all monies raised for benevolent veteran welfare into the Sub-Branch Agency account
 - b. Provide a receipt to the donor. Receipts can be in the form of the Appeals merchandise backing card or by issuing a tax receipt in the name of the RSL Sub-Branch as Agent for General Appeals Patriotic Fund B86 from the prescribed receipt book. (Official DGR receipt books are issued and supplied by RSL State Branch.)
 - c. Remit the full amount of monies raised to RSL GAPF.

6. Fundraising for Benevolent Veteran Welfare

- (a) All monies raised at or by a Sub-Branch, in the name of veteran welfare, whether that purpose is stated overtly or implied, must be deposited into the Sub-Branch Agency account* and be subject to the accounting and reporting requirements in place for the ANZAC and Poppy Appeals.

*If the Sub-Branch does not have an Agency bank account, monies must be deposited into the Sub-Branch General/Trading account and 100% remitted to RSL GAPF with no option for reimbursement. If the Sub-Branch wishes to open an Agency account, please contact the Patriotic Funds Accountant at RSL State Branch.

- (b) This requirement includes monies raised through:
- the sale of ANZAC Appeal and/or Poppy Appeal merchandise
 - donations made during the ANZAC Appeal and Poppy Appeal periods
 - other donations received where the purpose of the donation is veteran welfare related, regardless of the timing of the donation
 - Proceeds from a Gunfire Breakfast or Two-up
- (c) The ANZAC and Poppy Appeal brands are important assets of the RSL. Considerable time, effort and money has been invested, and continues to be invested, in promoting and supporting these brands, their associated logos and imagery and the purpose they support.
- (d) Sub-Branches must only use the ANZAC and Poppy Appeal stock items and collateral provided to fundraise for the ANZAC and Poppy Appeals.
- (e) Using RSL State Branch stock and collateral:
- strongly reinforces the brand and messaging for our Appeals
 - unites the RSL Victoria network in the one effort to fundraise for veterans
 - ensures that our approved imagery is used
 - assists with stock control measures
 - provides approved tax deductibility messaging and acts as the receipt
- (f) The RSL ANZAC and Poppy Appeal range of stock is proudly owned by RSL State Branch and developed with the collaboration of the RSL Sub-Branch network. The RSL ANZAC and Poppy Appeal stock is provided and dispatched at nil cost to Sub-Branches. Sub-Branches must not spend Agency or Patriotic Fund monies on non-RSL merchandise. The RSL Victoria ANZAC and Poppy Appeals do not intend to be a competitor in the commercial, promotional merchandise space.

6.1. ANZAC and Poppy Appeals Process

- (a) After depositing the monies into the Agency account, 100% of the monies raised for the ANZAC Appeal and the Poppy Appeal must be remitted to RSL GAPF account. This remittance fulfills the RSL's obligation to the ATO and ensures compliance as a DGR charity. The details of the RSL GAPF bank account, into which the monies must be transferred are:
- (b) NAME: RSL General Appeals Patriotic Fund
BSB: 013-030
ACCOUNT: 8372-79576
- (c) A Sub-Branch may request up to 50% of monies raised, to be reimbursed to the Agency account. Remittance of monies will only occur once the RSL State Branch Appeals

Department is in receipt of the accurately completed ANZAC/Poppy Appeals Statement (see calendar – item 13). There is no requirement or obligation for a Sub-Branch to have monies reimbursed to the Sub-Branch Agency account.

- (d) The deadline for expenditure of ANZAC Appeal monies is 31st December of the ANZAC Appeal year and for Poppy Appeal monies it is 31st December of the year following the Appeal.
- (e) All unspent monies must be remitted to the RSL GAPF. This calculation is provided in the Agency Statement.

6.2. Donations Received

All donations received by the Sub-Branch Agency account must be remitted to the RSL GAPF to ensure that the DGR status is maintained. Upon donor request, a tax receipt can be provided. The prescribed form of tax receipt for a donor is either the Appeals merchandise backing card or the official Sub-Branch Agent for RSL GAPF tax receipt book supplied by State Branch.

7. Fundraising for Other Purposes

- (a) It is acknowledged that some Sub-Branches will, from time to time, need to raise money for their Sub-Branch General/Trading account to cover expenditure which is not veteran welfare related. Such non-veteran welfare fundraising must be conducted in a way which does not, in any way, cause any confusion in the mind of the public about the purpose of the fundraising, the destination of the money and the intended use of the money raised. Being clear about the purpose of the fundraising is of paramount importance. This can be achieved by:
 - a. conducting non-veteran welfare related fundraising at times other than the ANZAC Appeal and/or Poppy Appeal
 - b. eliminating words and language which could imply a veteran welfare purpose
 - c. eliminating use of the ANZAC Appeal or Poppy Appeal logos or associated imagery which could imply a veteran welfare related purpose
 - d. being very clear to potential donors about the purpose of the fundraising activity.
- (b) It is also understood that Sub-Branches may wish to support other charitable organisations, from time to time. It is important that fundraising for other charitable organisations (not related to veteran welfare or the work of the RSL) is undertaken with consideration to the following:
 - a. Avoid using any merchandise, branding or language which might cause the donor to think that the fundraiser is for veteran welfare.
 - b. Avoid any and all confusion in the minds of the donors as to the purpose of the fundraising and the use of the monies raised.
 - c. Make clear to the donor what the purpose of the fundraising is and the charitable organisation which is being supported.
 - d. Conducted at times which do not clash with the RSL Appeals.

8. Spending Guidelines

- (a) Because of the DGR status, spending of money must be applied towards benevolent (in need) veteran and dependant welfare. Expenses related to the RSL Sub-Branch running costs and building expenses must not be paid by the Agency account.
- (b) RSL State Branch relies on the Sub-Branch's judgement when making a payment for benevolent veteran welfare expenses out of the Agency account. The primary activities undertaken by a Sub-Branch are to assist sick, helpless, wounded, vulnerable, aged, destitute and needy veterans and their dependants.

- (c) This assistance can be applied to the entire Victorian veteran community and not only to veteran members of the Sub-Branch. According to the ACNC, benevolent relief includes working for the relief of poverty or distress (such as sickness, disability, destitution, suffering, misfortune or helplessness). The degree of distress is also important, as benevolent charities meet a need that is:
- a. Significant enough (and the circumstances difficult enough) to arouse compassion in people in the community
 - b. Beyond the suffering experienced as part of ordinary daily life, and
 - c. Concrete enough – aimed at helping people who are recognisably in need of benevolence.
- (d) The Sub-Branch needs to consider the following before providing assistance from the Agency account:
- a. *Who is the recipient of the assistance?*
The recipient must be any of the following: a veteran, a veteran dependent or a veteran carer. Being a descendant of a veteran does not necessarily classify the person as a dependent. A person is only classified as veteran dependent if the person is financially dependent on a veteran. It is the Sub-Branch responsibility to investigate and confirm whether a person is dependent on a veteran.
 - b. *What is the nature of the condition?* Is the veteran suffering with any of the following:
 - i. Physical and mental distress. For example: sickness (such as PTSD), social exclusion, anxiety, poverty
 - ii. Financial distress. For example: Unable to pay rent, bills, home maintenance/garden, or unable to purchase food/medications
 - c. *What is the monetary value of the assistance required?*
An individual claim may compromise a significant proportion of the existing Agency monies. In this instance, the Sub-Branch may contact the RSL State Branch Pensions, Advocacy and Welfare Support department for assistance.
- (e) Further information on spending guidelines and examples of expenses that can be paid by the Agency account can be found in the Sub-Branch Charity Manual and on the Agency Statement.

9. Applying for Additional Agency Monies

A Sub-Branch may apply for additional Agency monies when the Sub-Branch Agency bank account is depleted. For guidance with this process please contact the RSL State Branch Patriotic Funds Accountant.

10. Requests from Other Charities

- (a) A Sub-Branch must always act in the best interests of the RSL charitable objects, that is, ensuring that veterans in need will be assisted by either the RSL Sub-Branch or RSL State Branch.
- (b) First priority must be given to the RSL's own cause, supporting RSL programs funded by the RSL GAPF. These programs ensure, amongst other things, that a veteran in need will be assisted with relieving of financial hardship, required household repairs and maintenance, advocacy, DVA compensation claims, employment pathways and transition, crisis accommodation, opportunities to combat social isolation and veteran engagement programs.

- (c) External charities that approach a Sub-Branch requesting to divert money away from RSL GAPF, should be directed to RSL State Branch Chief Executive Officer for consideration and qualification of possible broader support.
- (d) If a Sub-Branch wishes to donate to external veteran related charities, it may donate no more than \$1,000 in any one calendar year and approval must be obtained by CAV and RSL State Branch prior to the transfer of monies.
- (e) The Sub-Branch should consider the following before applying for a transfer/donation:
 - a. The Sub-Branch Committee endorse the donation
 - b. Ensure that the donation is 100% applicable to Veterans
 - c. Gather profile information about the entity that will be the recipient of the proposed donation/transfer:
 - i. ABN number - Check the proper name of the entity
 - ii. If the entity has DGR status
 - iii. If the entity is a charity registered with ACNC
 - iv. If the entity is a Patriotic Fund
 - v. If the entity is located in Victoria
- (f) RSL State Branch will consider the Sub-Branch Committee's donations/transfers request by accepting a CAV 606/607 transfer application form(s) **prior** to the actual transfer being made.
- (g) All Patriotic Fund donations/transfers, of any amount, must be approved by CAV and RSL State Branch.
- (h) Once CAV and RSL State Branch approvals are granted, the Sub-Branch will be informed in due course and the transfer of monies must be executed in full within the same calendar year of approval.
- (i) If a Sub-Branch has an initiative or has an exceptional request to transfer/donate that is not covered in the above terms, the circumstance will need to be brought to the RSL State Branch State Executive's attention for formal approval.
- (j) For guidance/assistance with this process and to obtain the CAV transfer application forms, contact the RSL State Branch Patriotic Funds Accountant.

11. GST

- (a) Where a Sub-Branch Agency account receives an invoice greater than \$1,000, the Agency account may pass the GST obligation to the RSL GAPF.
- (b) The process to pass the GST obligation to RSL GAPF requires the Sub-Branch to forward the tax invoice together with a payment for the invoiced amount excluding GST to the RSL State Branch Accounts department. This process is not applicable if the tax invoice is in the name of a veteran or veteran dependent. Contact the RSL State Branch Finance Manager for further guidance on claiming GST through the RSL State Branch.
- (c) It is not appropriate to claim GST through the Sub-Branch General/Trading account for benevolent welfare tax invoices which will be reimbursed from the Agency account.

12. Administration, Audit and Financial Reporting

12.1. Agency Account

The Sub-Branch Agency account is a sub-account of the RSL GAPF conducted as an Agent for the RSL GAPF and its bank account must be registered under the RSL GAPF ABN 85 107 546 293.

12.2. Administration of Monies

- (a) The Sub-Branch must keep all Agency account financial records that:
 - a. record and explain its transactions, financial position and performance, and
 - b. allow the preparation of 'true and fair' financial information/statements.
- (b) Financial records include:
 - a. invoices
 - b. receipts
 - c. cheques
 - d. documents which record the above (including bank statements)
 - e. working papers and other documents that explain how financial statements are prepared.
- (c) The Sub-Branch should maintain and update these records throughout the year as it receives and uses monies and must keep all financial records for a period of seven years.

12.3. Agency Statement – Report to RSL State Branch

- (a) The Agency Statement is provided to the Sub-Branch Secretary in December each year, along with financial advice issued by RSL State Branch.
- (b) RSL GAPF relies on the Sub-Branch accurately completing and submitting the Agency Statement prior to its due date (see calendar – item 13), allowing time for the RSL State Branch verification process to occur. After a thorough verification process, the RSL GAPF reports the information collected from the Sub-Branched' Agency Statements to the regulators.

12.4. Audit Requirements

As per audit requirements established by CAV, the Agency Statement must be signed off by an auditor if the total income for the year exceeds \$10,000. For annual total income under \$10,000, it is best practice to audit the Agency account.

12.5. Financial Statements – Report to Members

The Committee must ensure that a Financial Statement disclosing the financial performance and position for the Agency account is prepared and presented to the Sub-Branch members at the Sub-Branch AGM (see calendar – item 13). The Statement can be prepared in the form of an Excel spreadsheet, Word document, or using an appropriate financial package.

12.6. Unused Monies

- (a) An ATO condition of holding DGR status is that a Sub-Branch Agency account cannot accumulate monies. In order to meet this condition, at year end, a Sub-Branch should remit unused monies (excluding current year reimbursed Poppy Appeal) to the RSL GAPF. The calculation of unused monies is on the Agency Statement sent to Sub-Branched each December. Refer to section 6.1 (d) and the following calendar section for further information.

- (b) The unused monies remittance cheque or copy of the EFT must be enclosed with the Agency Statement submission.

Branch Bylaw 9 Honorariums

Purpose

The purpose of this policy is to provide guidance to Sub-Branch Committees on the payment and administrative process of honorariums.

Definition

In order to define honorariums, it is important to understand that the Australian Charities and Not-for-profits Commission (ACNC) and the Australian Taxation Office (ATO) provide their own definitions, they are:

- ACNC – Charities may want to provide gifts or honorariums to individuals - including current or outgoing Responsible Persons, members, staff or volunteers – as a gesture of gratitude and appreciation for their services. An honorarium is an honorary payment made to someone without obligation in recognition of their professional service. For charities, an honorarium is typically a payment made to honour an individual for their charitable service. The ACNC generally expects that gifts or honorariums will be of a token nature. Gifts or honorariums should not provide any individual with a sizeable or significant personal benefit. A charity that provides a gift or honorarium of significant value is at risk of not complying with its purpose and character as a not-for-profit entity.
- ATO - An honorarium is either:
 - An honorary reward for voluntary services, or
 - A fee for professional services voluntarily performed

General

Honorariums are:

- not paid for long or outstanding service – the RSL Honours systems provides for this aspect;
- to be considered only when the Sub-Branch financial position allows it to do so;
- to be declared in the annual financial statements of the Sub-Branch, including listed as a line item within the Profit & Loss statement and a declaration under Related Party Transactions within the notes;
- to be formulated with consideration given to all Committee related benefits; and
- only paid to a volunteer office bearer (which includes President, Senior Vice President, Vice President, Secretary or Treasurer) who is a member of the Sub-Branch Committee and while lawfully occupying the office for which the honorarium has been duly authorised.

Guidance

The below needs to be considered in line with guidance from the ACNC to ensure that an honorarium does not result in a private benefit to someone as this may breach the requirements to be a not-for-profit entity and may not be consistent with the charity pursuing its charitable purpose. Guidance in respect to the aggregate honorarium quantum (i.e combined total amount for Sub-Branch office bearers) for a Sub-Branch is as follows:

Category	Gross Revenue (per annum)	Amount (up to)
1	< \$500,000	\$500
2	\$501,000 to \$3,000,000	\$20,000
3	\$3,000,001 to \$8,000,000	\$30,000
4	> \$8,000,000	\$40,000

No individual should receive more than 50% of the aggregate honorarium quantum.

Tax Implications

Pay As You Go (PAYG)

According to the ATO, whether a payment received is assessable income depends upon a close examination of all relevant circumstances. In order for an honorarium to be considered a 'True Honorarium', all of the following factors must be met:

- The payment is received for personal reasons;
- The payment has no connection to the recipient's income producing activities or services rendered;
- The payment is not received as remuneration or as a consequence of employment, services rendered, or any business;
- The payment is not relied upon or expected by the recipient for day-to-day living;
- The payment is not legally required or expected;
- There is no obligation on the part of the payer to make the payment;
- The payment is a token amount compared to the services provided or expenses incurred by the recipient;
- The form of the receipt, that is, whether it is received as a lump sum or periodically; and
- Whether the payments have been earned.

Category 1: If all of the criteria above of a 'True Honorarium' is met, then the Sub-Branch may not be required to withhold PAYG.

Category 2-4: As payments of an honorarium don't meet all of the above criteria of a 'True Honorarium', RSL Sub-Branches are required to withhold Pay As You Go (PAYG) under Division 12 in Schedule 1 to the Taxation Administration Act 1953 (TAA) for honorarium payments made.

Honorarium payments have the characteristics of ordinary income as they are expected and have an element of regularity and recurrence. Consequently, PAYG withholding is applicable to the payments.

Superannuation

As payments are deemed as assessable income, the Sub-Branch is therefore obliged to make compulsory superannuation contributions (where applicable to the recipient).

Fringe Benefit Tax (FBT)

Honorariums should be formulated with consideration given to all Committee related benefits. Depending on the scale and frequency of other Committee related benefits, this may attract FBT implications for the Sub-Branch and for the individual. It is important that Sub-Branch Committees set clearly defined policies around all Committee related benefits and be conscious of any tax implications.

Annual General Meeting (AGM)

The following needs to be considered by the Sub-Branch Committee both prior and during the Sub-Branch AGM:

- Honorariums should be included on the agenda at the AGM if honorarium payments are proposed to be made.
- Honorariums are to be authorised for payment by members of a Sub-Branch at the AGM.
- Honorariums should be approved retrospectively for the previous term just completed at the AGM. If approved by the members, this authorises payment which should take the form of a one-off lump sum payment.
- A motion to be put to the members at the AGM must be moved by a member or a Committee member who is not a proposed recipient of the honorarium.
- Conflict of interest must be considered and declared to ensure there is transparency to members at the AGM.
- As honorariums are only applicable to Sub-Branch Committee office bearers, these individuals need to be excluded from the honorarium discussion and decision making at the Committee level. This also applies when a motion is put to the members at the AGM.
- It is recommended that the proposed individual honorarium amounts be put to members and not the total aggregate amount.

Payment

Honorariums should be paid in one lump sum retrospectively after approval is granted at the Sub-Branch AGM.

It should be noted that even if the AGM has approved payment of honorariums, the recipient can elect not to receive payment.

It is encouraged that individuals in receipt of an honorarium seek their own advice as to the impact of an honorarium on their own financial situation.

Approved and accepted honorariums must only be paid from the Sub-Branch Trading/General account. No other RSL Sub-Branch entity (i.e Sub-Branch Patriotic Fund or General Appeals Patriotic Fund Agency account) can fund honorariums.

Expenses

Volunteers are entitled to request expense reimbursement from the Sub-Branch as long as it sits within the internal expense reimbursement policies adopted by the Sub-Branch and the expense is incurred whilst undertaking approved RSL volunteer activities. Volunteer work that leads to cost reimbursement must be accompanied by receipts/log book and be approved prior to the work being done. This is applicable to all Sub-Branch Committee members regardless of if an honorarium is being paid.

Other Committee expenses where charged against the Sub-Branch Trading Account e.g. Committee dinners, drinks etc. are to be consolidated and advised to the members at the AGM if not shown as a line item in the Sub-Branch accounts.

Conclusion

The responsibilities of Sub-Branch Committees can be quite onerous and often countless hours are contributed to the RSL cause. Therefore, an honorarium is an appropriate mechanism to show gratitude to individuals for their efforts.

Any issues with the interpretation of this Bylaw should be addressed to the State Branch Governance Committee for review.

Thus (unless otherwise resolved) members remain seated when speaking, members may speak more than once, motions need not be seconded, the Chair can take part in the debate, alternative affirmative and negative speakers are not essential, proceedings are normally confidential. The rules that there can be no discussion without a motion before the Chair can also be relaxed at the discretion of the Chair. Papers are to be circulated to Committee Members no less than seven days prior to a scheduled meeting (or such lesser time as the Committee agrees from time to time).

(A) Disclosure

A Committee Member who has a material, personal or business interest in a matter, which relates to the Sub-Branch, must give the Committee notice of that interest, when elected or as soon as practicable after identifying it. He must not vote or speak in relation to it or otherwise seek to influence the Sub-Branch decision.

(B) Annual Declaration

A Committee Member, upon election/appointment and annually thereafter, will provide to the Secretary a declaration of conflict of interests in any matter that may involve the Sub-Branch. The Secretary will table the declarations at the next Committee meeting and will ensure that the extent of the disclosures is included in the minutes of the Committee meeting.

The Secretary will arrange for an annual questionnaire to be circulated to all Committee Members to ensure that all general disclosures are kept up to date.

(C) Changes in Personal or Business Interest

(D) Voting where there is a Personal or Business Interest (Rule 10A 19(x))

If a Committee Member has a material, personal or business interest in a matter, then that Committee Member must not be present whilst the matter is being considered at the meeting or vote is being taken in relation to that matter. The Committee Member must leave the meeting prior to any discussion in relation to the subject .

(E) Access to Sub-Branch Papers Where there is a Personal or Business Interest

Where a Committee Member is aware that a matter in which he may have a material, personal or business interest is to be discussed, he must advise the President of that possibility. The President must then advise the Secretary that the Committee papers which relate to the material, personal or business interest are not released to that Committee Member until the remainder of the Committee resolves otherwise.

10. Meeting Attendance

Committee Members are required to attend all meetings in person. Where a Committee Member is unable to attend the meeting in person, he may attend, with prior approval of the President, by means of an alternative method of communication, such as telephone or other telecommunication medium.

If a Committee Member is unable to attend a meeting, the Committee Member is to advise the Secretary by no later than an hour before the scheduled commencement of the meeting. Observers or advisers may only attend Committee meetings (including where a Committee Member attends via telephone) with the prior approval of the President. Such approval is to be sought at least twenty-four hours prior to the scheduled commencement of the meeting.

Observers or advisers may be asked to leave a Committee meeting by the President during discussion of any particular matter and they shall comply with all such requests.

11. Sub-Branch Committee (See also Rule 10A 19(z))

All decisions of the Committee will be on the basis of a simple majority of Committee Members present at the Committee meeting, with each present Committee Member having a single value vote. Votes will be undertaken by a show of hands.

Once a motion is passed or defeated, the Committee will act as one outside of the Committee meeting in accordance with the resolution of the Committee.

12. Sub-Branch Committee Confidentiality

Unless the President advises in writing prior to a meeting, or it is resolved by the Committee at a meeting, all discussions and papers of the Sub-Branch will be deemed " Committee-in-Confidence" and all papers of the Committee will be marked appropriately.

This does not preclude Members of the Committee discussing matters with Sub-Branch Members to assist them in determining a position on a particular matter, but Committee

papers are not to be distributed to others (including consultants and advisers) or discussions reported without the express approval of the President.

13. Sub-Branch Audit Committee

The House and/or Finance Sub-Committee will act as the Audit Sub-Committee and will undertake responsibility for:

- i. reviewing the annual financial statements (Annual Report) and recommending them for approval,
- ii. overseeing the relationship, appointment and work of sub-contractors and external accountants and auditors,
- iii. reviewing compliance related matters and internal controls, processes, standard operating procedures and delegations, and
- iv. overseeing the Risk Management Policy and processes.

14. Representation of the Sub- Branch (Subject to Rule 10A 28 and Branch Rule 4.10)

The President will make all media and public statements on issues that affect the local Sub-Branch.

The President may delegate this to another member of the Committee.

The Sub-Branch must not make media or public statements on issues that affect the League at the State or National level without the approval of the State President or Chief Executive Officer.

15. Developing the Strategic Business Plan for the Sub-Branch

The Sub-Branch requires a strategic business plan with a five year planning horizon which provides annual performance targets and which is reviewed and revised annually. The Finance Sub-Committee will develop it and submit it to the Sub-Branch committee and it will:

- i. Review strategic options in a challenging environment,
- ii. Assess the operating environment covered by the planning period, with a strong focus on the changes which the Sub-Branch will encounter and the identification of the critical strategic issues,
- iii. Develop appropriate key performance indicators which will measure the success of the Sub-Branch,
- iv. Develop and apply an effective budget and financial control framework,
- v. Be sufficiently robust to consider an appropriate range of alternatives and to assess them fully,
- vi. Involve key stakeholders and people critical to successful implementation,
- vii. Address the implementation issues and processes,
- viii. Develop an appropriate process for monitoring implementation, including agreed metrics related to the key performance indicators,
- ix. The Business Plan must support the achievement of the objectives of the Sub-Branch Welfare Plan which must also be developed as per Schedule 1 Section 3.

16. Engagement of Specialist Advice by the Sub-Branch (Rules 10A2.2(h) and 19(a))

If the Committee is not skill based but representative based the Committee will require additional specialist advice from time to time.

Specialist advisers or consultants to the Sub-Branch cannot be engaged (at the cost of the Sub-Branch) without the approval of the Committee, save and except in relation to an emergency.

17. Identification and Management of Business Risks

The Committee should ensure that the Sub-Branch has in place an appropriate framework for the identification and management of business risks. A formal risk assessment should be undertaken at an early stage, with appropriate involvement from the Committee, the General Manager and the Victorian Branch. The Committee should ensure that:

- i. The risks to achieving the Sub-Branch's business objectives/goals are identified, assessed and managed in accordance with the Australian Standard on Risk Management,
- ii. Specific action is taken to manage significant risks identified in this process, and
- iii. Risks are monitored and reviewed on a regular basis.

18. Development of Policies for the Sub-Branch

The Committee should assure itself that the activities of the Sub-Branch are covered by appropriate written policies and are included in its standard operating procedures. This consideration should include, but not be limited to, the following areas:

- i. Occupational Health and Safety,
- ii. Conflicts of interest, including personal and business relationships, investments, etc
- iii. Confidentiality,
- iv. Risk management,
- v. Fraud,
- vi. Gifts, entertainment and gratuities,
- vii. Equal employment opportunity and non- discrimination,

- x. Code of Conduct, including ethical behaviour of Sub-Branch Committee Members and employees,
- xi. Product and service quality,
- xii. Financial Delegations,

Attachments: Schedule 1 – Criteria for a RSL Sub-Branch. (Extract from ATO Deed of Settlement with RSL dated 23-09-2003 – Obligations of a Victorian RSL Licensed Sub-Branch with Gaming).

The following characteristics of a RSL Sub-branch are highly desirable in relation to preserving the tax exempt status of a Sub-branch.

1. That the predominant activity of the Committee as shown by its minutes shall be welfare and charitable activities and other activities that are related to the objects of the Sub-branch. The whole Committee shall consider the welfare and RSL type activities. The gaming activities shall be attended to by a house Sub-Committee, which shall report to the Committee. There will be a formalized structure providing for a house Committee, welfare and charitable Sub-Committees and minutes shall be in a standardized form, which will record the activities performed by the Sub-branch. The members of the Committee, and the members of the Sub-branch shall so far as is practicable be involved in such welfare and charitable work.
2. The welfare, pension and appeals officers shall attend all Committee meetings and report on the activities in relation to which they are responsible. Welfare activities shall be recorded and shall be dealt with at each Sub-branch meeting. The matters to be dealt with will include activities in relation to assisting widows and families of dependants, commitment to regional welfare centres, the use of welfare centres located within the sub-branch, advice and support that has been provided to veterans. There will need to be records of welfare activity maintained subject to privacy concerns and it is proposed that standardized forms for recording such activity will be created. There shall be general advertising as to the availability of welfare at the Sub-branch.
3. RSL Sub-branches shall create and keep a financial budget, which will set out the proposed allocation of funds earned or received by the Sub-branch. The Sub-branch shall also, where practicable, create a business plan as to the nature of the projects of a charitable or welfare nature that it intends to embark on over the subsequent twelve-month period together with the possible allocations of money in relation to those projects.
4. Sub-branches shall keep records of honorary time expended on welfare, RSL and charitable objects and they shall be costed. Records shall not provide information that would enable a person to be identified, but will record the activity, a short description of what took place and the time spent. This will include activities that are taken by the provider of the services after a visit such as follow up calls and other activities that may be carried out by members of the Sub-branch in response to a particular set of circumstances. Pro-forma documentation shall be provided to assist the Sub-branch.
5. There shall be a provision of subsidized meals and appropriate entertainment for aged persons, particularly for veterans and widows and the provision of such services needs to be recorded in the minutes together with, where appropriate, the costing of the same. The purpose of the provision of these services is to ensure that the ex-service community receives well-cooked meals each week and that it breaks down the isolation that often occurs in relation to older persons within the community. Records should be kept as to the time spent on arranging such activities and the cost to the Sub-branch.
6. There should be records kept of the following activities conducted by the Sub-branch.
 - (a) The conduct of RSL funerals and, where appropriate, wakes should be recorded in some detail in the minutes together with a short summary to appear somewhere in the welfare

report as to the services and support that have been provided to the relatives of deceased members, or widowers when members, or families of members after a bereavement. That the RSL shall where required, or appropriate provide financial assistance for families who cannot afford funerals.

- (b) There should be a provision of medical aides and motorized wheelchairs, if appropriate, and other aides to assist the aged veterans to better cope with their infirmity. There needs to be a record kept of the nature of the equipment and the use of the equipment and, where appropriate, the Sub-branch should hire equipment for the use of veterans if it is not practicable to purchase the same and a record ought to be kept of the hire. There should be transportation of disabled members and the maintenance of a bus for that purpose would be appropriate. The bus is not to be used to bring persons to the venue for gaming purposes, but rather to deal with the needs of the older members, either by transport to and from the Sub-branch or to be taken on other outings as members of the Sub-branch. The Sub-branch shall also record the provision of transport for the purposes of taking members to hospital and doctors' appointments. Where appropriate, the Sub-branch should also provide taxi vouchers to enable older members who cannot drive to attend the Sub-branch on appropriate occasions. Records need to be kept on the use of the bus and of the dispensing of taxi vouchers.
- (c) There needs to be evidence of the involvement of Sub-branches with members in nursing homes. Records of visits ought to be kept and records should be kept if such persons are collected from nursing homes and brought to the Sub-branch for recreation activities.

The following criteria shall be considered as desirable.

- 7. The Sub-branch shall be set up in such a way as to make it clear that it is in fact an RSL Sub-branch. It will include the following: Memorabilia shall be prominently displayed, including memorial records, visual displays, flags, displays of military history. These displays shall be through a large part of the Sub-branch and shall not be restricted to the Members' bar. It is not contemplated that such displays would necessarily occur in the gaming room. That appropriate badging shall be attached to the outside of the RSL and where appropriate there should be flagpoles, remembrance gardens, both of which shall be maintained.
- 8. Notice Boards recording persons in hospital and the needs of members shall be prominently displayed so that other members may be aware of the wellbeing and welfare of members who are sick, or otherwise in need.
- 9. There shall be a library for members and for the public containing matters relating to military history and in relation to the objects of the RSL, including personal accounts of war efforts where appropriate.

There shall be an IT link with the RSL website maintained by the Victorian Branch and other computer activities and communications as is appropriate from time to time.

- 10. There shall be restricted signage advertising gaming, both on the premises and in the public domain. The gaming advertising should not be predominant, particularly in relation to outside advertising and signage. It needs to be clear that the predominant

signage is to indicate that it is an RSL Sub-branch and not to solely indicate, or even in a major fashion indicate the carrying on of gaming.

11. There shall, where practicable, be a designated members area containing memorabilia and a place for assembly and interaction between members.
12. The Sub-branch newsletter shall contain articles and information as to the conduct of the RSL and the Sub-branch and shall not be solely or predominantly concerned with facilities. They shall be bona fides newsletters, including information as to the death of members, or the wellbeing of sick members and other relevant material.
13. There should be a monthly record, or at least a summary of the welfare type services that have been provided by the Sub-branch together with contact telephone numbers for members who may need welfare and like services
14. There shall need to be demonstration of an active commitment to the objects and ideals of the RSL through the Victorian Branch and such evidence of commitment would include recording of the attitudes of the Sub-branch as to the remits at the annual Conference, the results of conferences and the reporting as to various meetings of Regional Forums and other such relevant meetings. Such reports should have an emphasis on RSL activities rather than commercial activities.
15. The RSL Sub-branch should indicate a willingness to provide welfare and like services to members of other Sub-branches and Veteran Welfare Centres and like organizations where the other Sub-branches are not in a financial position to do so, such as Sub-branches that either unlicensed or do not possess gaming machines. Assistance with capital expenses should be recorded separately.
16. There should be a Stand To where the Ode is conducted each night and a prominent display of flags.
17. There should be evidence of promotion of RSL objects and the ethos of the RSL through schools, with gifts of flags and associated patriotic material. Lectures mainly to schoolchildren as to the RSL ethos, military history and the importance of patriotism should be arranged and the existence of the delivery of those services ought to be recorded.
18. There should be evidence of the attention to the care of local war memorials honouring the veterans, inspections of veterans' graves to check that they are being properly looked after and records kept of such work, including the amount of voluntary work applied and the money expended.
19. The Sub-branch should have appropriate celebration and promotion of Anzac Day, Remembrance Day, Vietnam Veterans Day and other suitable commemorative days, including the recording of the promotion of these days to the public as ways of promoting the RSL objects. Records need to be kept of the volunteer effort that goes into these activities and the time and money spent on the preparation and conduct of such activities.

20. There should be records kept of relationships with other ex-service organizations, such as Legacy and Carry On, including details of interaction. The relationship and assistance will include the assistance and operation of appeals by Legacy, the provision of services to Legacy at a local level and the provision of cash donations to Legacy, Carry On and other ex-services organizations.
21. At the end of each year, a summary of the charitable and welfare activities performed in the last year needs to be made and to be recorded in a consistent format with man hours costed.

Branch Bylaw 12

Sexual Harassment (Volunteers)

1. Introduction

- 1.1 The Returned & Services League (RSL) recognizes it is the right of every employee and volunteer to be able to attend work and to perform their duties without being subjected to any form of sexual harassment.
- 1.2 Equally it is the obligation and responsibility of every employee and volunteer to ensure that the workplace is free from sexual harassment. For the purposes of this policy the workplace includes all areas where employees and volunteers would normally conduct their work whether that work is paid employment or undertaking a volunteering role.
- 1.3 The RSL is fully committed to its obligations to eliminate sexual harassment in the workplace. The State Branch Headquarters and Licensed Sub-Branches already have a policy in place in relation to employees in this regard. This policy further informs the Branch Headquarters Policy covering employees and is provided as further guidance to Licensed Sub-Branches in relation to their extant employee policy.

2. Purpose

- 2.1 The purpose of this policy is to outline the RSL's Victorian Branch position on sexual harassment in relation to volunteers and to document the process to be followed should any grievances arise within Victorian Branch Headquarters or within traditional Sub-Branches. Licensed Sub-Branches have an extant Sexual Harassment Policy in place in relation to employees which will now also be used to encompass volunteers in Licensed Sub-Branches through the additional requirement that the application of this Sub-Branch Policy in relation to Volunteers must be over sighted by the Sub-Branch Executive, and a member of the Sub-Branch Committee is to be appointed as the EEO Contact Officer (Volunteers) and receive appropriate training for that role. Traditional Sub-Branches are to refer matters involving sexual harassment, as defined in the following Policy, to the Branch EEO Coordinating Officer, through the CEO, for resolution. Secretaries of traditional Sub-Branches are to act as the Sub-Branch EEO Contact Officer.

3. Policy

- 3.1 The RSL will not tolerate sexual harassment under any circumstances. Responsibility lies with all employees and volunteers to ensure that sexual harassment does not occur.

- 3.2 Most organizations are subject to both federal and state Equal Employment Opportunity (EEO) legislation, all of which provide that sexual harassment is unlawful. The RSL considers that legislative obligations under the Acts establish minimum standards of behavior for all employees.
- 3.3 The principles set out in this policy are intended to apply to any work related context, including conferences, work functions, social activities, and education and business trips.
- 3.4 No volunteer at any level should subject any other employee, volunteer, person we are assisting or visitor to any form of sexual harassment.
- 3.5 A breach of this policy will result in disciplinary action. Depending on the severity of the situation, consequences may include apology, counseling, transfer, demotion, dismissal, or other forms of disciplinary action.
- 3.6 The RSL strongly encourages any volunteer who feels they have been sexually harassed to take action, preferably by making it clear that such behavior is unwelcome and offensive; alternatively, or in addition, follow the procedures for reporting the behavior.
- 3.7 Any reports of sexual harassment will be treated seriously and promptly with sensitivity and complete confidentiality.
- 3.8 Those reporting the sexual harassment have the right to determine how to have a complaint treated, have support or representation throughout the process, and the option to discontinue a complaint at any stage of the process.
- 3.9 The alleged harasser also has the right to have support or representation during any investigation, as well as the right to respond fully to any formal allegations made. There will be no presumption of guilt and no determination made until a full investigation has been completed.
- 3.10 No volunteer will be treated unfairly as a result of rejecting unwanted advances. Disciplinary action may be taken against anyone who victimizes or retaliates against a person who has complained of sexual harassment or against any employee or volunteer who has been alleged to be a harasser.
- 3.11 Managers or supervisors, including Sub-Branch Presidents and/or Committees, who fail to take appropriate corrective action when aware of the harassment of a person may be subject to disciplinary action themselves.

4. Definition of Sexual Harassment

- 4.1 Sexual harassment means any unwelcome sexual advance, unwelcome request for sexual favours, or other unwelcome conduct of a sexual nature which makes a person feel offended,

humiliated or intimidated, and where that reaction is reasonable in the circumstances. Examples of Sexual Harassment could include but are not limited to:

- 4.1.1 Intrusive enquiries into an employee's or volunteer's private life
- 4.1.2 Reference to their sexuality or physical appearance
- 4.1.3 Unwanted body touching or physically molesting a person
- 4.1.4 Standing too close
- 4.1.5 Excessively lengthy handshakes
- 4.1.6 Unwanted brushing against another's body
- 4.1.7 Indecent exposure
- 4.1.8 Sexual assault
- 4.1.9 Obscene, suggestive or offensive communications, including electronic mail
- 4.1.10 Pornographic or offensive posters, handouts or screensavers
- 4.1.11 Sexual jokes or anecdotes
- 4.1.12 Leering or staring
- 4.1.13 Unwanted sexual compliments or excessive flirting

4.2 Sexual harassment is not behavior which is based on mutual attraction, friendship and respect.

5. Responsibility

5.1 It is management's responsibility in all Sub-Branches, and the Branch, to ensure that:

- 5.1.1 They understand and are committed to the rights and entitlements of all employees and volunteers to attend work and perform their duties, without fear of being sexually harassed in any form
- 5.1.2 All reasonable steps are made to eliminate sexual harassment
- 5.1.3 All employees and volunteers are regularly made aware of their obligations in relation
- 5.1.4 to providing a workplace free from sexual harassment
- 5.1.5 They provide an environment which discourages harassment and victimization and set an example by their own behavior
- 5.1.6 Equal Employment Opportunity (EEO) Contact Officers are appointed, trained and known to all staff. A senior responsible staff member, will be appointed to act as the EEO Coordinating Officer, responsible to the CEO for the overall training and effectiveness of the EEO Contact Officers, and their accessibility to all staff and volunteers.
- 5.1.7 They treat all complaints seriously and confidentially
- 5.1.8 They take immediate and appropriate corrective action if they become aware of any offensive action

5.2 It is the RSL Victorian Branch Chief Executive Officer's responsibility to ensure that:

- 5.2.1 Guidance and education is provided, where requested and/or appropriate, to cases and subsequent decisions relating to sexual harassment

- 5.2.2 All State Branch Headquarters staff and volunteers are aware of their obligations and responsibilities in relation to sexual harassment, and the rights and entitlements of other employees and volunteers
- 5.2.3 Ongoing support and guidance is provided to all employees and volunteers in relation to the prevention of sexual harassment.
- 5.2.4 Necessary EEO Coordinating Officer, and EEO Contact Officer appointments are made.

6. Procedures

6.1 Complaint Process – Victorian Branch Headquarters and Traditional Sub-Branches.

Sexual harassment can occur at any level of the organization, can be experienced by both men and women and may involve a co-worker, volunteer, supervisor, manager, service provider, client or customer. Lack of intent is no defence in sexual harassment cases.

- 6.2 Volunteers who believe they are the subject of sexual harassment should take firm, positive and prompt action.
- 6.3 If deemed appropriate, the volunteer should make the perceived harasser(s) aware that they find their behavior offensive, unwelcome, unacceptable, and that it needs to stop immediately.
- 6.4 If the behavior continues, or if the employee or volunteer feels unable to speak to the person(s) directly, they should contact their supervisor or EEO Contract Officer. In the case of traditional Sub-Branches, the initial contact should be with the Sub-Branch EEO Officer, who will be the Sub-Branch Secretary, or alternatively the Branch CEO, who will refer the matter to the Branch EEO Coordinating Officer for attention. The contact person will provide support; ascertain the nature of the complaint and the wishes of the complainant. The complainant does not have to request a full formal investigation if they will be satisfied by a less formal treatment of the issue.

7. Informal Intervention

- 7.1 The contact person will explain the employee or volunteer's rights and responsibilities under company policy, procedures and EEO/anti-discrimination legislation.
- 7.2 Informal Intervention may be done through a process of either mediation or conciliation. During Informal Intervention the alleged harasser will be made aware of the allegations being made against them and given the right to respond.
- 7.3 This procedure will be complete when the alleged harasser respects the individual's request to cease unwanted and unwelcome behavior. If this does not occur, the formal procedure should be followed.

8. Formal Complaints Procedure

- 8.1 Proceeding with a formal complaint requires the consent of the person complaining, particularly as witnesses or senior management may become involved. The formal procedure will be coordinated by the contact person. Further support can be obtained from the EEO Coordinating Officer at the RSL Victorian Branch. The Chief Executive Officer does not need to know the specific details of the sexual harassment case but needs to be given updated briefings on any incident and any resolution by the EEO Coordinating Officer.
- 8.2 The contact person should clarify the complaint and obtain a step by step account of the incident. In serious cases, more than one interview may be necessary.
- 8.3 The contact person will document all such interviews accurately and avoid irrelevant information. Relevant information will include parties involved, timing, location, and nature of conduct complained against.
- 8.4 Records are to be kept and filed in a confidential and secure place. If no confidential area is available these notes may be sealed where they will be maintained, unopened, in a confidential filing system within the Branch Headquarters CEO Office. These records should be kept for a period of seven years. Under no circumstances will records be placed on the complainant's personnel file, where such a file exists.
- 8.5 The contact person will organize an investigation, which in most cases may involve but is not limited to:
 - 8.5.1 A private interview to ascertain the facts and what the complainant expects to happen as a result of making the complaint
 - 8.5.2 An interview with the alleged harasser(s) to ascertain their defence
 - 8.5.3 Interviews with other employees, volunteers or individuals who may be able to assist
 - 8.5.4 Interviews with supervisor(s) or manager(s)
 - 8.5.5 Examination of any relevant documents
 - 8.5.6 Determination of previous behaviours or issues
- 8.6 The contact person should gather all evidence which may include:
 - 8.6.1 Supporting evidence provided by a medical practitioner, counselor, family member, friend or co-worker
 - 8.6.2 Supervisor's reports and personnel records (e.g., unexplained request for transfer or shift changes, sudden increase in sick leave, a sudden inability to continue their volunteering)
 - 8.6.3 Complaints or information provided by other employees or volunteers about the behavior of the alleged harasser
 - 8.6.4 Records kept by the person claiming to have been harassed Information on whether the evidence was presented by the parties in a credible and consistent manner
 - 8.6.5 Information on the absence of evidence where it should logically exist

- 8.7 On completion of the investigation the complainant and the contact person will report to the EEO Coordinating Officer and CEO and determine a course of action to be taken.
- 8.8 Possible courses of action may include, but not be limited to, any combination of the following:
Counselling
- 8.8.1 Disciplinary action against the harasser (e.g., demotion, transfer, suspension, probation or dismissal)
 - 8.8.2 Official warnings that are noted in the harasser's personnel file
 - 8.8.3 Disciplinary action against the person who complained if there is strong evidence that the complaint was vexatious or malicious
 - 8.8.4 Formal apologies and undertaking that the behavior will cease
 - 8.8.5 Conciliation/mediation conducted by an impartial third party where the parties to the complaint agree to a mutually acceptable resolution
 - 8.8.6 Reimbursing any costs associated with the harassment
 - 8.8.7 Re-crediting any leave taken as a result of the harassment
- 8.9 Outcomes will depend upon factors such as:
- 8.9.1 The severity and frequency of the harassment
 - 8.9.2 The weight of the evidence
 - 8.9.3 The wishes of the person who was harassed
 - 8.9.4 Whether the harasser could have been expected to know that such behavior was a breach of policy
 - 8.9.5 The level of contrition
 - 8.9.6 Whether there have been any prior incidents or warnings
- 8.10 The contact person will advise all relevant parties of the outcome.
- 8.11 If the investigation determines that sexual harassment has occurred, the contact person must forward a summary of the complaint and the action taken to the EEO Coordinating Officer and CEO of the RSL Victorian Branch. A copy may be placed in the respondent's personnel file in accordance with performance counseling procedures.
- 8.12 If there is insufficient proof to decide whether or not the harassment has occurred the contact person will:
- 8.12.1 Remind those involved of expected standards of conduct
 - 8.12.2 Conduct further training and awareness raising sessions for staff and volunteers
 - 8.12.3 Monitor the situation carefully
- 8.13 The contact person will monitor the outcome to ensure that the offensive behavior has ceased, and that neither party has been victimized. This may involve follow up interviews. If there has been any substantiated victimization, disciplinary procedures will be followed.

9. Procedures for Dealing with Criminal Conduct

- 9.1 Some forms of sexual harassment (e.g., sexual assault, stalking, indecent exposure, physical molestation, obscene phone calls) may constitute criminal conduct. While the RSL is committed to treat most sexual harassment complaints at an organizational level as far as possible, this type of conduct is not suited to internal resolution. Such complaints should be treated by the criminal justice system.
- 9.2 In relation to alleged criminal offences such as rape or sexual assault, the matter must be referred to the Chief Executive Officer, RSL Victorian Branch. Employees/volunteers should be advised of the option of police support or intervention. It is not the obligation or duty of the Branch to report such matters to the police on behalf of the complainant.

VICTORIAN BRANCH RETURNED & SERVICES LEAGUE OF AUSTRALIA

BRANCH BYLAW 15

FIREARMS & CONTROLLED WEAPONS

PREAMBLE

Before 1997, individual RSL Sub-Branches across Victoria were responsible for obtaining and maintaining their own firearms licences. Each Sub-Branch that possessed a firearm had to apply for and manage its own licence. However, following the tragic events of the Port Arthur massacre, firearm regulations in Australia underwent significant tightening, and RSL Victoria was not exempt from these changes.

In the wake of these reforms, it initially appeared that Victorian RSL Sub-Branches would be required to surrender their firearms. However, through the intervention of licensed firearms dealer Mr. Russell Pearson on behalf of the State Branch, an agreement was reached with the Victorian Government and Victoria Police. This agreement allowed RSL Victoria to retain its firearms under the condition that a centralized registry be established. Additionally, all firearms held by Sub-Branches would be registered under the State Branch, which would be responsible for ensuring compliance with the strict regulations imposed by Victoria Police. This led to the introduction of **Branch Bylaw 15**.

To facilitate this arrangement, the State Branch was issued a **Class 1 Firearms Dealer's Licence**. Although the licence is held under the name of the State Branch, it must be assigned to an individual licence holder. Over the years, this responsibility has been carried out by various volunteers or RSL Victoria staff, with Mr. Vaughan Atherton being the current licence holder. Mr. Atherton is a volunteer, not a State Branch employee, but he bears full legal responsibility for all firearms across the Victorian RSL network. Any breach of the licence conditions carries severe penalties, including a \$5,000 fine and up to 25 years in prison. If a Sub-Branch violates these conditions, the individuals responsible will also be subject to these legal consequences.

It is important to note that the requirements outlined in **Branch Bylaw 15** are not set by the Victorian State Branch but by **Victoria Police**. However, since the licence holder is personally accountable for every firearm within the RSL network, compliance with these requirements is **non-negotiable**.

Failure to follow directives issued by the licence holder or their appointed nominee will result in the **immediate removal of firearms from the non-compliant Sub-Branch**.

This is not a matter of discretion, the continued ability of RSL Victoria to retain its firearms and controlled weapons depends on strict adherence to the law. Victoria Police have already acted once due to non-compliance, and they have made it clear that any further breaches will result in the permanent loss of this privilege.

While firearms are physically housed by individual Sub-Branches, they are legally registered under the State Branch. Additionally, this is the only arrangement that allows RSL Victoria and Sub-Branches to maintain possession of its controlled weapons. Sub-Branches that remain fully compliant with **Branch Bylaw 15** have no reason for concern regarding potential seizures by the Victorian RSL State Branch.

INTRODUCTION

As a result of discussions with the Compliance Enforcement Regulation Support Unit of Victoria Police, **NO** firearm is to be at, or held by, any Victorian RSL Sub-Branch unless it is registered to the RSL Victoria Class 1 Firearm Dealer's License, including if a person wishes to loan or display a firearm at a Victorian RSL Sub-Branch. Firearms and controlled weapons must be recorded on a local register within the relevant Sub-Branch and managed by the Sub-Branch Responsible Person or committee. The following requirements will apply:

RESPONSIBLE PERSON

A Sub-Branch holding firearms or controlled weapons must appoint a person to be responsible (hereinafter referred to as the "Responsible Person") for those firearms or controlled weapons and for maintaining the requirements of this policy. If no Responsible Person is appointed, the Sub-Branch Secretary will assume the role of the Responsible Person. If the Sub-Branch Secretary role is not filled, the responsibility will fall directly onto the Sub-Branch President.

FIREARM

For the purpose of Branch Bylaw 15, a firearm is any device, whether assembled or in parts, designed, adapted, or capable of being modified to discharge shot, a bullet, or any other missile by the expansion of gases produced through the ignition of highly combustible materials or by compressed air or gases. This applies regardless of whether the gases are stored in pressurized containers within the device or generated mechanically and whether the device is operable, inoperable, complete, or incomplete, either temporarily or permanently. While not classified as firearms, flare pistols and dischargers must also be recorded in Sub-Branch registers.

CONTROLLED WEAPON

For the purpose of Branch Bylaw 15, a controlled weapon is a weapon that can be used for legitimate purposes but require regulation due to the potential danger they pose to the community. Controlled weapons include edged weapons, clubs and body armour. All requirements contained in this Branch Bylaw for firearms apply equally to these other items.

ORDNANCE OR EXPLOSIVE DEVICE

For the purpose of Branch Bylaw 15, ordnance or an explosive device is a grenade, ammunition, explosive, artillery shell, bomb or mortar round or rocket launcher and includes explosive related devices including booby trap switches, smoke grenades, flash bangs or distraction devices, detonators, flares and grenade simulators.

Ordnance and explosive devices, both historical and currently used by the ADF, can be hazardous if handled improperly. If a Sub-Branch receives such an item and is uncertain about its status, they must immediately contact the **State Branch Firearms Officer** for guidance.

PROHIBITED WEAPON

Prohibited weapons are weapons deemed unsuitable for general possession and use without a Governor-in-Council Exemption Order or the Chief Commissioner's approval. RSL Victoria holds a Governor-in-Council exemption for certain items that may be displayed, such as bayonets, swords, or body armor.

RECEIPT OF FIREARMS OR CONTROLLED WEAPONS

On taking possession of any firearms either through a donation or other means, the Responsible Person must notify the **State Branch Firearms Officer** in writing via the approved Notification of Newly Acquired Firearm Form (as attached to this Branch Bylaw) within two days via email to **firearmsofficer@rslvic.com.au**. It is also recommended that a copy of the Donation Form (as attached to this Branch Bylaw) be completed to ensure the terms and conditions of such donation of firearms or controlled weapons are fully understood by the donor.

Additionally, a certificate of registration of the firearm should be obtained from the previous owner if possible and sent with the completed Notification of Newly Acquired Firearm Form.

The **State Branch Firearms Officer** will then record these details in the State Branch Register, as well as including them in the monthly class Firearms Dealers License Return.

Their inclusion in the monthly Firearms Dealers Return will ensure that the firearms are transferred from any previous ownership and registered under the RSL licence. If the firearm

does not have a serial number, Firearms Registry will assign one and the Sub-Branch will be notified in writing.

On receipt of such notification, the Sub-Branch must ensure that the allocated serial number is stamped onto the firearm. No other action is required from Sub-Branches regarding registration and changes of ownership.

The **State Branch Firearms Officer** will review all donated firearms and may choose to dispose of any that are not of military origin or lack military provenance.

HANDLING OF FIREARMS, CONTROLLED WEAPONS OR ORDNANCE

Safety to staff, volunteers and members must always be the priority when handling firearms, controlled weapons or ordnance. They must be treated as a “dangerous” item until they have been cleared of any ammunition or placed into a box if a bladed weapon. Clearing of firearms must be completed by either the Sub-Branch Responsible Person or someone who has been trained and authorized to carry out such actions by the Sub-Branch. Sub-Branch staff and / or volunteers are not to accept any firearms, controlled weapons or ordnance donations unless there is a Responsible Person or Sub-Branch Authorised Person available to handle the item.

DISPOSAL OF FIREARMS

Should a Sub-Branch wish to dispose of or donate any firearms or controlled weapons, they **must not** do so independently.

If a Sub-Branch determines that it no longer wishes to possess firearms or controlled weapons, the **State Branch Firearms Officer** must be contacted to arrange removal, storage, or redistribution to another location. The **State Branch Firearms Officer** will provide the Sub-Branch with a receipt for any surrendered items. In the case of donations to other Sub-Branches or organizations, the same process applies. The **State Branch Firearms Officer** will confirm the details and legalities of the donation and, if appropriate, oversee the transfer, including notification to the Firearms Registry.

Should any loss or theft of firearms occur, the **State Branch Firearms Officer** must be notified immediately both by phone and email.

A person who has previously loaned or displayed a firearm at a Sub-Branch and wishes to have it returned, the owner must lodge a Permit to Acquire (PTA) application with Victoria Police. If the PTA is issued, the person will then coordinate with the **State Branch Firearms Officer** for the return of the firearm, and managing the appropriate dealer returns.

All firearms removed from a Sub-Branch will be handled by the **State Branch Firearms Officer** or a nominated person approved by Victoria Police LRD as an assistant **State Branch Firearms Officer**, ensuring compliance with the **Firearms Act 1996**.

STORAGE AND DISPLAY

RSL Victoria or Sub-Branch is responsible for ensuring that all firearms have been rendered inoperable. This must be completed by a competent gunsmith, and a certificate confirming the firearm has been made innocuous must be supplied to the **State Branch Firearms Officer**.

All premises holding firearms must be equipped with an alarm system that complies with **Australian Standard 2201.1:2007** (as amended from time to time). The alarm system must be installed, maintained, and operated to ensure that, in the event of an intrusion, it activates both an audible alarm warning device and an external visible alarm warning light.

Premises holding handguns, semi-automatic, and automatic firearms must have externally monitored alarms. Some alarm systems can be connected to a personal mobile phone for monitoring purposes; however, this should only serve as a backup to a fixed monitored alarm.

When in storage, firearms must be locked in an approved gun safe. The firearm must be stored in a purpose-built steel storage receptacle that:

- (a) is at least **1.6 mm thick** and complies with **Australian/New Zealand Standard 1594:2002** (as amended from time to time);
- (b) if weighing less than **150 kilograms** when empty, must be securely bolted to the structure of the premises where the firearm is authorized to be kept; and
- (c) is locked with a **sturdy lock** when the firearm is stored inside.

When on display the following applies:

- All firearms must be affixed in a manner that prevents their easy removal. In effect this means that should a thief attempt to remove the firearm from its display, it will take them at least 20 minutes to do so.
- In addition to the above, every firearm must be secured with a steel cable running through the trigger guard and attached to the structure on which the firearm is mounted using a security screw. The cable should have an eye at each end, allowing one eye to be passed through the other before securing the remaining eye at the attachment point. These cables can be obtained from hardware stores or manufactured using stainless steel wire and crimping tools.

- Handguns and sub-machine guns must be displayed behind a minimum 6mm plate glass and fitted with wall mounted trigger locks or tethered with a steel cable as described above.
- It is not sufficient to have firearms displayed in showcases without being secured in the manner described above, regardless of whether the showcase is locked or not.
- All firearms on display at RSL Victoria or Sub-Branch must have the serial number visible or a mounted plate identifying the firearm make, model and serial number on the board to assist in audits of firearms.
- A tag shall be attached to the trigger guard of each firearm with its specific **serial number**. Brass or key tags are acceptable.
- Signs stating that 'All firearms on display in RSL Victoria or Sub-Branch have been irreversibly de-activated ', to be displayed prominently within the Sub-Branch.
- Controlled Weapons - such as swords, machetes and trench knives - are also to be affixed to the show case of structure where possible.
- All ammunition on display to be clearly visible, being inert and incapable of being reloaded, this is usually achieved by the drilling of a visible hole into the side of the shell casing.
- In the event of any suspicious activity or individuals potentially 'casing' the premises, the incident should be reported to local police and the **State Branch Firearms Officer**.

RECORD KEEPING AND REPORTING OBLIGATIONS

RSL Victoria or Sub-Branch holding firearms must maintain accurate and up-to-date records of their firearms and controlled weapons, including the serial number, make, model, and storage location within the Sub-Branch. Additionally, they must keep digital photo records of all firearms and controlled weapons in their possession to aid in identification.

The Committee, in coordination with the Sub-Branch Secretary / Responsible Person, must conduct a bi-annual stocktake of all firearms. It is recommended that the corresponding audit forms attached to this Bylaw be used to conduct the stocktake of firearms or controlled weapons (Edged Weapons). A copy of the audit forms must be submitted to the **State Branch Firearms Officer**. All returns should be emailed to firearmsofficer@rslvic.com.au or provided to a regional RSL Victoria representative via a regional meeting.

Should there be any change in the Secretary's position, a handover will be required for the new Secretary. This handover should include providing the new Secretary with a copy of this policy and the required audit forms of all firearms and controlled weapons, both of which must be signed for on the audit sheet as supplied to this Bylaw. A handover must also be

conducted when there is a **change** of Responsible Person within a Sub-Branch, which must include a joint stocktake of all firearms and controlled weapons held.

Controlled and Prohibited Weapons

All rules of the **RSL Victoria Governor-In-Council Exemption dated 5 June 2014** must be adhered to.

Conditions:

1. **Use:** Prohibited weapons and body armor specified in this Order may only be used for the purposes for which the exemption was granted.
2. **Storage:** When not in use for the specified purpose, prohibited weapons and body armor must be stored safely and securely.
 - "Stored safely and securely" means:
 - (a) Ensuring that the prohibited weapon or body armor:
 - (i) Is not readily accessible to anyone other than the exempt person.
 - (ii) Is not available for possession, carriage, or use by anyone who is not a holder of an approval issued by the Chief Commissioner of Police or who does not fall within an exempt class.
 - (b) When being transported between storage and approved use locations:
 - (i) It must not be readily accessible to unauthorized persons.
 - (ii) It must be concealed from plain sight during transportation.
3. **Inspection on request:** A person, branch, or Sub-Branch relying on this exemption must permit a member of the police force to inspect their storage arrangements at any reasonable pre-arranged time.
4. **Record of possession:** A person, branch, or Sub-Branch relying on this exemption must maintain a record of the quantity and type of prohibited weapons or body armor in their possession. These records must be retained for the duration of the exemption and made available for police inspection upon request.

5. **Display:** *(This section refers to swords only, not other controlled or prohibited weapons)* A person within the exempt class displaying a sword of historical or cultural significance must ensure the display occurs:
- At their residential home,
 - At an official RSL club or venue, or
 - At an official RSL-associated event,
 - And must be genuinely associated with the study and collection of such items for purposes.
6. **Prohibited persons:** This Order does not apply to any person classified as a **prohibited person** under section 3 of the **Control of Weapons Act 1990**, regardless of their RSL membership status. Additionally, a person must not have been convicted of a **serious offense** or be subject to any **intervention order, firearms prohibition order, or other legal restriction** that would disqualify them from possessing prohibited weapons or body armor under Victorian law.

PENALTIES

Whilst the State Branch carries the responsibility of informing Sub-Branches of the legal requirements for the storage and display of firearms and controlled and prohibited weapons it is not responsible for the actions of individual Sub-Branches should they not comply with those requirements. At the Sub-Branch level, the identified 'Responsible Person', and / or the Sub-Branch Secretary, will be responsible for any breaches of the stated requirements. Maximum penalties for individuals convicted of an offence against the Firearms Act are a \$24,000 fine and 5 years in jail.

AUDITS

From time to time, both the **Victoria State Branch** and representatives of **Victoria Police** will carry out audits on Sub-Branches regarding the number of firearms held, serial numbers of the weapons, and necessary security requirements. Failure to comply with such audits and any resulting recommendations will result in the possible **permanent removal** of the weapons held by the Sub-Branch. All audits conducted by either the **Victoria State Branch** or **Victoria Police** are to be recorded and maintained for future references.

Additionally, a **bi-yearly inspection** must be undertaken by every **Sub-Branch**, even if no items are held or on hand. The audit reports (Edges Weapons or firearms Audit Form), as attached to this Branch Bylaw, must be **emailed via firearmsofficer@rslvic.com.au** by the

1st of February and the **1st of August** each year. **Failure to complete these audits** will result in firearms and controlled weapons being **removed from the Sub-Branch**. Additionally, the audit reports can be provided to the Regional STEX Representative at any State Region meeting.

STATE BRANCH FIREARMS OFFICER

The State Branch Firearms Officer, Mr. Vaughan Atherton, can be contacted through ANZAC House as the primary point of contact on **0411 575 239** or via email at **firearmsofficer@rslvic.com.au**.

Additionally, the Firearms Officer is supported by volunteers **Robert Ferguson (0400 852 653)**, **Michael Davis (0430 574 463)**, and **STEX Member Peter Swandale (pswandale@rslvic.com.au)**. These volunteers act on behalf of the Firearms Officer and the State Branch in the day-to-day management and oversight of all firearms and controlled weapons.

5. Meetings of the State Executive

The following arrangements should apply to meetings of the State Executive:

(A) Frequency of Meetings

The State Executive will meet at least ten times a year on days and dates to be specified. The schedule of meetings for the ensuing year will normally be provided by the 30th November of the previous year.

Meetings at any other time may be convened by the State President in accordance with the State Branch Rules.

(B) Cycle of Meetings

The State Executive will follow a cycle of meetings on a financial year basis, concluding on the last day of June following the year of election of the State Executive.

The cycle will commence with the State Executive's consideration of the strategy for the Branch for the year ahead. This would normally occur in the last quarter of the financial year immediately preceding the new business/financial(?) year. The process of strategy setting would normally involve the State Executive:

- reviewing performance over the past year against agreed targets;
- considering the operating environment for the Branch for the forthcoming year;
- agreeing the strategies that need to be employed by the Branch to achieve its goals in the coming year;
- setting the performance indicators and targets.

(C) Regular Meetings of the State Executive

The State President will settle the agenda for each meeting with the Chief Executive Officer. The Chief Executive Officer will consult with the State President and the other State Executive Members about items to be included on the agenda.

Since July 2017, the State Executive has met as three distinct bodies. The first in its capacity as Trustee of the Sub-Branch Trusts; the second in its capacity as Trustee of the State Branch Trusts and the third as the Committee of Management of RSL Vic Branch Inc.

The agenda for regular meetings of the State Executive will cover:

- Confirmation of the agenda
- Confirmation of the Minutes of the previous meeting
- Matters arising from the Minutes
- Review of State Executive Action Items
- Review of financial performance
- Business development issues
- Strategic issues
- Other issues

(D) Meeting Papers

Responsibility for coordinating meeting papers rests with the Chief Executive Officer. State Executive papers will be concise, stand-alone documents that present the information the State Executive will require to fully understand the issues being raised and, where required, to make an appropriately informed decision.

The purpose of each State Executive paper should be clearly stated. This is particularly important in assisting State Executive Members to understand the author's requirements and be appropriately prepared for State Executive meetings. State Executive papers are to be allocated into one of three distinct categories:

- **information** - papers aimed at keeping the State Executive informed of matters
- **decision** - matters put forward that require the State Executive's decision
- **discussion and input** - discussion of matters prior to final recommendations, for example, concept papers seeking the State Executive's input in the planning phase, rather than simply when a final decision is required.

State Executive papers will:

- be concise, accurate and easy to read, using "plain English" little or no technical jargon and a font size no less than 12 pt;
- be carefully structured to provide all the required information in a succinct and logical manner;
- utilise bullet points, which reinforce a concise writing style, in preference to long paragraphs;
- utilise indicators tailored to the needs of the Branch which are reported consistently month on month;
- include graphical and tabular analysis to summarise information, to facilitate understanding and to focus the readers attention; and
- utilise titles on any graphs to reflect the message illustrated in the graphical analysis, for example, "Continuing favourable trends in revenue growth".

Papers are to be circulated electronically to State Executive Members no less than seven days prior to the scheduled meeting.

(E) State Executive Secretary

The Branch's Chief Executive Officer is the State Executive Secretary. The State Executive Secretary will attend all meetings, and whilst having no voting rights in respect of State Executive decisions, will have the following responsibilities in respect of the State Executive's operations:

- Provide assistance to the State Executive in ensuring statutory compliance with all regulatory, legislative and legal requirements by both the Branch and the State Executive;
- Coordination, under the guidance of the State President, of State Executive meetings including time and location;
- Coordination, under the guidance of the State President, of the State Executive agenda and papers, including their circulation to State Executive Members;
- Recording of the discussions and decisions of the State Executive and the preparation of the draft State Executive minutes, amending as directed by the State President and State Executive;
- Recording of action items arising from State Executive meetings and reporting on their completion to the State Executive;
- Ensuring the attendance/availability of non-State Executive Members as may be required by the State Executive, including the Branch's management team and advisers;
- Sourcing and making available specialist advice;
- Advising on and working with the State President to enhance State Executive practices and procedures;
- Maintaining statutory records and forms in accordance with legal requirements;

- Keeping abreast of and informing State Executive Members of any changes to legislative requirements or governance expectations; and
- Retention of the papers and minutes of the State Executive.

(F) Minutes

The State Executive Secretary shall arrange for minutes to be taken of each State Executive meeting. Minutes will include the:

- Branch's name and ABN;
- meeting location;
- date and opening and closing time of the meeting,
- list of all attendees at the meeting (including observers and advisers and whether they were present for all or part of the meeting); and
- details of all resolutions and discussions.

Minutes are to be clear, concise, well structured and unambiguous and must clearly set out the decisions the State Executive, or Committee, made during the course of the meeting and reflect the consensus nature, or otherwise, of State Executive decisions. They should also clearly evidence the process the State Executive has worked through in reaching its decisions, including any additional information requested or on which the State Executive relied which is not included in the State Executive papers. It is not normally expected that minutes will be a verbatim record of the meeting.

Draft minutes will be prepared by the Chief Executive Officer and submitted to the State President for review and amendment as appropriate. Subsequent to review by the State President, the draft minutes will be circulated to Members of the State Executive within fourteen days after the conduct of a meeting. Minutes will be certified at the next meeting, with any amendments agreed by the State Executive, at the next meeting of the State Executive.

(G) Meetings Action Items

The State Executive may identify additional information it requires, initiatives it would like management to implement or other matters for management action or attention.

In order to keep track of these matters, an action items list should be maintained by the State Executive Secretary, updated after each meeting and distributed along with the minutes of the meeting. The list will include a brief description of the action to be taken, cross referenced to the relevant item in the minutes, the responsible person and the date by which the action is to be completed.

(H) Meetings Not Involving the Chief Executive Officer

The appointed Members of the State Executive may meet to discuss issues without the Chief Executive Officer being present when this is appropriate. This would include meetings to discuss the performance of the Chief Executive Officer.

During such discussions, the State President will delegate a State Executive Member to minute the discussion and any decisions reached.

(I) State Executive Papers and Minutes Retention

All papers and certified minutes of the Branch State Executive will be retained by the Chief Executive Officer at the Headquarters of the State Branch for a period of not less

than seven years from the date of the meeting. The certified minutes are to be bound and retained in perpetuity.

6. State Executive Member Conflict of Interest

State Executive Members must exercise their power and discharge their duties in good faith in the best interests of the Branch and for a proper purpose.

(A) Disclosure

A State Executive Member who has a material, personal or business interest in a matter, which relates to the Branch or a Sub-Branch, must give the other State Executive Members notice of that interest.

(B) Annual Declaration

A State Executive Member, upon election/appointment as a State Executive Member and annually thereafter, will provide to the Chief Executive Officer, a declaration of personal, business and pecuniary interests. The Chief Executive Officer will table the declarations at the next State Executive meeting and will ensure that the extent of the disclosures is included in the minutes of the State Executive meeting.

The Chief Executive Officer will arrange for an annual questionnaire to be circulated to all State Executive Members to ensure that all general disclosures are kept up to date.

(C) Changes in Personal or Business Interest

Where a State Executive Member's personal, business and pecuniary interests, or the nature and extent of interest change, the State Executive Member is to provide a written notice to the Chief Executive Officer before the next State Executive meeting. The State Executive Secretary will ensure that the written details of the disclosure are distributed immediately to State Executive Members and then tabled at the next State Executive meeting. He will also ensure that the nature and extent of the disclosure is recorded in the minutes of the State Executive meeting.

(D) Voting Where there is a Personal or Business Interest

If a State Executive Member has a material, personal or business interest in a matter, then that State Executive Member must not be present whilst the matter is being considered at the meeting or vote is being taken in relation to that matter. The State Executive Member must leave the meeting prior to any discussion in relation to the subject and the Chief Executive Officer must have previously ensured that the State Executive Member has not received the relative State Executive papers.

A State Executive Member may present a proposal, such as an investment or property proposal, to the State Executive, but must not be present at the meeting when any discussion or vote in relation to the proposal takes place.

A State Executive Member may be present and vote if the State Executive Members who do not have a material, personal or business interest in the matter have discussed the matter and passed a resolution that the disclosed interest should not disqualify the State Executive Member from either the voting or being present. The State Executive Member with the interest is not to be present during such discussion and vote.

(E) Access to State Executive Papers Where there is a Personal or Business Interest

Where a State Executive Member is aware that a matter in which they may have a material, personal or business interest, they must advise the State President of that possibility. The State President must then advise the Chief Executive Officer that the State Executive papers which relate to the material, personal or business interest are not released to that State Executive Member until the remainder of the State Executive resolves otherwise.

7. Meeting Attendance

State Executive Members are required to attend all meetings of the State Executive in person. Where a State Executive Member is unable to attend the meeting in person, he may attend, with prior approval of the State President, by means of an alternative method of communication, such as telephone or other telecommunication medium.

If a State Executive Member is unable to attend a State Executive meeting, the State Executive Member is to advise the Chief Executive Officer by no later than an hour before the scheduled commencement of the meeting.

Observers or advisers may only attend State Executive or State Executive Committee meetings (including where a State Executive Member attends via telephone) with the prior approval of the State President. Such approval is to be sought at least twenty-four hours prior to the scheduled commencement of the meeting.

Observers or advisers may be asked to leave a State Executive meeting by the State President during discussion of any particular matter and they shall comply with all such requests.

8. State Executive Decision Making

All decisions of the State Executive will be on the basis of a simple majority of State Executive Members present at the State Executive meeting, with each present State Executive Member having a single value vote. Votes will be undertaken by a show of hands.

State Executive Members with a declared conflict of interest are not to be present during voting on matters.

Once a motion is passed or defeated, the State Executive will act as one in accordance with the resolution of the State Executive outside the State Executive meeting.

9. State Executive Confidentiality

Unless the State President advises in writing prior to a meeting, or it is resolved by the State Executive at a meeting, all discussions and papers of the State Executive will be deemed "State Executive-in-Confidence" and all papers of the State Executive will be marked appropriately.

This does not preclude Members of the State Executive discussing matters with non-State Executive Members to assist them in determining a position on a particular matter, but State Executive papers are not to be distributed to others (including consultants and advisers) or State Executive discussions reported without the expressed approval of the State President.

The State Executive is not a General Meeting of the RSL Victorian Branch. The State Executive have determined that its minutes will not be widely distributed but a summary of them will be available to the RSL network within three weeks of the State Executive meeting.

10. Representation of the Branch

The State President will make all media and public statements representing the State Executive and Branch, unless the State President delegates this responsibility to another State Executive Member, the Chief Executive Officer or other member of the Branch's management.

A State Executive Member, other than the State President, may not make any statement to the media or public – including via social media – as a representative of the Branch without the prior approval of the State President. No member of the management of the Branch may make any statement to the media or public, as a representative of the Branch without the prior approval of the State President.

Should a State Executive Member, other than the State President, be found to have made *any* statement in regard to the Branch – including social media – this may result in disciplinary procedures as defined by the Constitution.

11. Developing the Strategic Business Plan for the Branch

The Branch requires a strategic business plan with a five year planning horizon which provides annual performance targets for the Branch and which is reviewed and revised annually. The State Executive should establish a business planning process that:

- o Reviews strategic options in a challenging environment;
- o Assesses the operating environment covered by the planning period, with a strong focus on the changes which the Branch will encounter and the identification of the critical strategic issues;
- o Develops appropriate key performance indicators which will measure the success of the Branch;
- o Develops and applies an effective budget and financial control framework
- o Is sufficiently robust to consider an appropriate range of alternatives and to assess them fully;
- o Involves key stakeholders and people critical to successful implementation;
- o Addresses the implementation issues and processes;
- o Develops an appropriate process for monitoring implementation, including agreed metrics related to the key performance indicators;

12. Engagement of Specialist Advice

The State Executive membership is not currently skill based but representative based and as such the State Executive and State Executive Members will require additional specialist advice from time to time.

Specialist advisers or consultants to the State Executive cannot be engaged (at the cost of the Branch) without the approval of the State President. Where an engagement will exceed fifty thousand dollars, the engagement must be approved by the full State Executive. Advisers and consultants, who are approved, will be engaged by the Chief Executive Officer on the State Executive's behalf.

At the discretion of the State President, written advice on a matter will be circulated to all State Executive Members.

13. Identification and Management of Business Risks

The State Executive should ensure that the Branch has in place an appropriate framework for the identification and management of business risks. A formal risk assessment should be undertaken at an early stage, with appropriate involvement from the Chief Executive Officer, State Executive Members, the Branch's management and other relevant stakeholders. The State Executive should ensure that:

- The risks to achieving the Branch's business objectives/goals are identified, assessed and managed in accordance with the Australian Standard on Risk Management;
- Specific action is taken to manage significant risks identified in this process; and
- Risks are monitored and reviewed on a regular basis.

14. Development of Policies for the Branch

The State Executive should assure itself to its complete satisfaction that the activities of the Branch are covered by appropriately documented policies for the governance and management of RSL Victoria and its related head office entities. The State Executive requires that all policies are included in the Branch's standard operating procedures and are freely available, understood in their application and are subject to bi-annual review by the relevant sub-committee.

Branch Bylaw 19

Sub-Branch Disciplinary Procedures

Introduction

1. There has been a succession of cases in recent years where the State Branch Tribunal (was Ethics Committee) has been obliged to uphold appeals because the correct procedures were not applied by Sub-Branches. In some of these cases there is little doubt that the appeal would have failed if judged solely on its intrinsic merits.
2. National Rule 19 has been revised recently and is now very clear about the necessary procedures; it is against the interests of the League and the morale of its members if persons escape deserved sanctions through failure of Sub-Branch Committees to follow very carefully the laid down system.
3. The purpose of this Bylaw is to distil regulatory procedures taken from the Branch Rules and the National Rules, for the guidance of all concerned.

Sub-Branch Committee Responsibilities

4. National Rule 19.1 gives the disciplinary powers of a Sub-Branch to the Sub-Branch Committee [as defined in Branch Rule 13.6(b)]. It does not provide for a Sub-Branch to delegate that power to a Sub Committee or some such sub group, nor does it provide for a Sub-Branch "Ethics Committee".
5. The Committee of a Sub-Branch is responsible to the members of that Sub-Branch for the proper conduct of Sub-Branch affairs. In appeals and disciplinary matters there are no short cuts. It is necessary for all Committee members to have a full and clear understanding of the key documents:
 - 5.1 the National Rules, Bylaws and Standing policy;
 - 5.2 the State Branch Rules and Bylaws;
 - 5.3 the Sub-Branch Rules and Bylaws; and
 - 5.4 if appropriate, any relevant State Acts
6. If a Committee and Committee members conscientiously observe the above provisions the chances of appellants being successful on technical grounds will be minimised, if not eliminated.

Check List — Disciplinary Powers of a Sub-Branch.

7. National Rule 19 and Branch Rules 5.22, 13.20 and Branch Bylaw 10A clauses 15, 15A and 15B refers.
 - 7.1 If you have reason to consider that a member may be guilty of *conduct unbecoming a member* you must define clearly the nature of the conduct and the way in which it is unbecoming;
 - 7.2 you must then give the member not less than 14 days notice in writing of the date, time and place of your meeting at which you will consider whether he has been guilty of such conduct;
 - 7.3 you must tell him in writing the nature of the conduct under question;

- 7.4 you must comply in writing with any request for elaboration of any of the material;
- 7.5 you must permit the member to put to the Committee any matters he considers relevant, and give him every opportunity to address you;
- 7.6 if you decide that he has been guilty of *conduct unbecoming a member* you may resolve that he be placed on a warning, be reprimanded or be suspended from membership of the Sub-Branch for a period not exceeding twelve months or expulsion from the Sub-Branch;
- 7.7 if you decide that his offence deserves punishment beyond your authority, you must refer the matter to the State Branch Tribunal for its consideration pursuant to National Rule 21;
- 7.8 whatever your decision, you must record it fully in your minutes, and must inform the member in writing within 14 days of the meeting, of your decision and the full reasons for it;
- 7.9 you must inform him of his right of appeal, and that the decision of the State Branch Tribunal on an appeal is final; and
- 7.10 you must be meticulous in your observance of all the time limits, minuting, and document provision of the National Rules.

8. FRAMING CHARGES AND RELATED EVIDENCE

Introduction

- 8.1 It is essential that charges to be heard by the Sub-Branch Committee be properly framed. It is important that the Committee insist on their proper framing. If charges are not properly specified and proved an appeal against the finding may well succeed. One of the preliminaries to any hearing should be a check on the framing of the charges and their referral back to those responsible if they are not properly framed.
- 8.2 Further, the Committee should assure itself, from the documentation provided, that there is a good chance that there is evidence to support and/or defend the particulars of each charge. If there is serious doubt that that is so, the Committee should not proceed with the matter.

Framing Charges

- 8.3 The steps for framing a charge are:
 - 8.3.1. **Identify the Alleged Offence.** In the case of the Sub Branch Committee this will be conduct *unbecoming a member of the Sub Branch* – National Rule 19.1. The question to ask is simple: Does the charge clearly arise from the circumstances of the alleged offence?
 - 8.3.2 Of course, in this case, the provision alleged not to have been complied with must also be quoted and the evidence must relate to that specific provision.

- 8.3.3. **Provide the Particulars of the Alleged Offence.** Simply, this means identifying the time, date and location of the alleged offence and the action(s) purporting to constitute the offence. It is these particulars that must be supported by the evidence if a finding of guilty is to be brought down.
- 8.4 A typical offence might read: *Under National Rule 19.1: Conduct unbecoming a member of the Sub Branch in that he, at Oodnagalabi, at about 11.45pm on Sunday, 22 February 20 13, made obscene gestures to the ladies in the poker machine room of the Oodnagalabi RSL Sub-Branch.*

The Evidence

- 8.5. For the charge to be proved the evidence must support every particular - that the alleged actions occurred, that they support a charge under the rule quoted and that they occurred at the time, date and location specified in the charge.

9. The "Letter" of the Law

- 9.1 There is no intention to change the informal nature of Sub Branch Committee hearings, or to try to establish rigid court-of-law like rules of procedure or evidence. Members of the Sub Branch Committee should continue to use their judgment and knowledge of the RSL in considering the information before them and reaching their decision(s).
- 9.2. The RSL is a company subject to the Corporations law. Its Constitution and Bylaws need therefore to be followed and interpreted more literally than one might the constitution of, say, a small social club. Thus, for example:
- 9.2.1. if there is any defect in the rule under which a charge was laid, or if it is invalid, the charge cannot succeed. It is not good enough that its content was well known and accepted as the will of, say, the Sub Branch and therefore to be obeyed.
- 9.2.2. if procedures leading up to a hearing are not followed to the letter the finding(s) of the hearing may well be quashed.
- 9.2.3. if an administrative action by an officer/executive of the RSL is appealed against and the action can be shown not to have been strictly in accordance with the rules the appeal should succeed.
- 9.2.4. there is always the need to act in every way in fairness to the accused/appellant. We all have an obligation to further the objects of the League and to properly deal with people who act against those objects. But officers of the RSL and Sub Branch Committees must resist the (often strong) temptation to make sure that the "guilty" are "properly" dealt with without regard for due process.

Branch Bylaw 20

“Friends of the RSL”

Introduction

1. It is recognised by the Returned & Services League of Australia (Victorian Branch) (“Victorian Branch”) that with the ageing of the RSL membership, a number of Sub-Branched in non metropolitan areas are likely to cease operation. As a result of the Sub-Branched ceasing operation, certain activities that were previously carried out in country towns, including the conduct of commemorative services and the care of war memorials and like matters, are less likely to be attended to. It is desired to preserve certain RSL activities and traditions such as the commemoration of ANZAC Day and to maintain war memorials and other memorial relating to those who suffered or died as a result of service in the Australian Defence Force or its predecessors.
2. To give effect to this intention there shall be established groups to be known as “Friends of the RSL” (Friends’ Group”) and this by-law sets out the policy of the RSL in relation to such Friends’ Groups”.

Objects

1. The Victorian Branch shall allow to be established groups of persons who are interested in the commemorative objects of the RSL. Such groups to be known as “Friends of the RSL”.

 - (b) To support community interest in the preservation of memorials and the conduct of memorial services;
 - (c) To care for local war memorials, other local monuments relating to those who suffered or died as a result of service in the Australian Defence Force or its predecessors;

The use of the words “Friends of the RSL” should not be used for any other purpose.

- (b) No such Friends' Group shall be in a town or local district where there is established a RSL Sub-Branch without consultation between the Victorian Branch and the Sub-Branch and without the written consent of the Sub-Branch.
3. At the time of the application for the formation of the Friends Group and annually in the month of November the group shall advise the Victorian Branch as to the name and address of its members and the name of its office bearers, if any. The Victorian Branch shall be entitled to request the Friends Group to remove from its membership a particular person as being a person not suitable to be a member of such Friends' Group and the Friends Group shall agree to the removal of such person from its membership.
 4. The Victorian Branch shall be entitled to remove its approval for a Friends' Group to be known as "Friends of the RSL" at any time upon giving one month's notice of its intention to do so. The Friends' Group shall thereafter cease to be known as "Friends of the RSL" and shall not assert any connection with the RSL.
 5. The Friends' Group shall not be entitled to use the RSL badge in any way without the written consent of the Victorian Branch, which consent may be withheld by the Victorian Branch without giving a reason for such withholding of consent. Any consent given by the Victorian Branch to use the RSL badge may be revoked by the Victorian Branch at any time.
 6. The Friends' Group shall not pledge the credit of the Victorian Branch nor make statements to the effect that it represents the Victorian Branch or the RSL generally.
 7. The Friends Group shall not make statement, nor act in a manner that is inconsistent with the Victorian Branch objects, nor make statements that are offensive or derogatory to the Victorian Branch or to the RSL.
 8. The Friends' Group shall obey the reasonable direction of the Victorian Branch as to the conduct of its activities.
 9. That the Victorian Branch, at its expense, shall procure the appropriate insurance cover for the activities of the Friends' Group. The particulars of that insurance cover shall be negotiated between Friends' Groups and the Victorian Branch from time to time.

Branch By-Law 22

(Reserved)

Sub-Branch Committee – Voting for Office Bearers

- A. The purpose of this Bylaw is to set out and, where appropriate, regularise, the procedure for the voting for Sub-Branch Committee Office Bearers.
- B. The Sub-Branch Committee must, at least six weeks for a licensed Sub-Branch [Bylaw 10A Rule 20 (c) and 10B Rule 20 (c)] or, one month for a traditional Sub-Branch [Branch Rule 13.7 (b)], prior to the Annual General Meeting, at which the term of office for an elected Committee position or positions fall due, determine the manner in which an election, and if necessary, the conduct of a ballot, is to be held. The above timings should be considered as the absolute minimum and in practice, consideration needs to be given to the usual Christmas/New Year holiday period. For example; if the AGM/Elections are to be held in February or March having the above Committee meeting in November or December of the previous year gives plenty of time in which to conduct the forthcoming electoral procedures in an orderly and timely way.
- C. The matters that need to be determined by the Committee include:
 - (a) The date, time and location of the AGM
 - (b) The elected positions that become vacant at the AGM
 - (c) The opening and closing date for nominations for office
 - (d) The eligibility requirements attached to certain positions
 - (e) The manner in which an election and, if necessary, a ballot, is to be held
 - (f) The appointment of a Returning Officer and, if necessary, at least two scrutineers
 - (g) The method to be used in marking ballot papers
- D. When determining the date, time and location of the AGM consideration is to be given to the extra time necessary to accommodate the Christmas and New Year holiday period together with the time required to conduct the selected method of electoral process.
- E. When determining the positions that become vacant, consideration is to be given as to what positions, if any, the Committee resolves to fill by selecting persons to fill those positions and for which there will be no other election for that position [see Bylaw 10A Rule 20(b)].
- F. The opening date for nominations from eligible members, less designated positions, needs to give plenty of time for the membership to respond, should they so wish. The closing date is to be at least 14 days prior to the AGM, and nominations are to be delivered to the Returning Officer.
- G. The Committee is to include in the notice to members, the criteria for each position together with requirements of the Branch Corporate Governance Charter and the duties and responsibilities of Committee members.
- H. If the number of valid nominations does not exceed the number of positions available then the Returning Officer will declare those persons elected at the AGM. Except that if a successful candidate currently holds an elected committee position which has not expired at this AGM then that person must resign that position prior to the Returning Officer declaring the new position.

He/she may do so at the AGM.

- I. If the number of valid nominations exceed the number to be elected then there is to be an election by secret ballot or by show of hands. Show of hands is only relevant to small traditional Sub-Branches.
- J. The SECRET ballot may be in several forms:
 1. Attendance by members, entitled to vote, at the Sub-Branch either at the AGM or presenting at a booth, sometime prior, say the previous Saturday. The Returning Officer is to, with appropriate security and in sequence:
 - (a) Draw-up the ballot papers and arrange with the scrutineers for the placement of candidates names by lot;
 - (b) Announce the method to be used in marking the ballot papers;
 - (c) Identify those people present, who are entitled to vote;
 - (d) Arrange for ballot papers to be distributed to those present;
 - (e) Check that all persons entitled to ballot papers have in fact received them (where voting is at the AGM);
 - (f) Invite those holding ballot papers to mark them;
 - (g) Arrange for the collection of the ballot papers;
 - (h) Check that all ballot papers have in fact been collected;
 - (i) Formally declare the ballot closed;
 - (j) Arrange for the count of formal ballot papers;
 - (k) Present the results to the AGM.
 2. Absentee voting (Postal); the Committee may decide at their meeting to offer absentee voting, in conjunction with attendance voting for eligible members who are, or will be, away on holidays or such like absence.
 - (a) The eligible member will need to apply in writing to the Returning Officer for a ballot paper or papers or by some other arrangement determined by the Returning Officer. The process will be as for general postal voting.
 3. General Postal Voting; This form of secret voting can either be conducted entirely by the Returning Officer and the scrutineers or, if applicable, with assistance provided by the Sub-Branch Staff or by the Returning Officer assisted by the employment of a professional or other qualified person to conduct the electoral process. In this case the contracted body will report directly to the Returning Officer. Such a format may ensure a larger representation of Sub-Branch voters, but will be more expensive.
- K. Whichever method is used, the Sub-Branch Committee, at the above meeting, must determine the opening and closing date of the ballot. Ballot papers received after this date will not be included in the count.

- L. In the case of the Sub-Branch dealing with the ballot, the Secretary shall provide the following information to the Returning Officer:
1. A list of Sub-Branch members entitled to vote who were financial as of the date of the opening of the ballot, prior to the distribution of any ballot material, as determined by the Sub-Branch Committee.
 2. Such a list shall form the basis for recording, against each member's name, the following:
 - (a) the date of the forwarding, or delivery, of the postal ballot paper package, and
 - (b) the receipt of the member's completed ballot papers sealed in the appropriate envelope contained within the package that was forwarded to the member.
- M. The Sub-Branch is required to provide administrative support to the Returning Officer in the exercise of his office. The cost of the ballot is to be borne by the Sub-Branch.
- N. The Returning Officer is to, with appropriate security and in sequence:
1. Draw-up the ballot papers and arrange, with the scrutineers, for the placement of candidates names, determined by lot, on the ballot paper. The ballot paper is not to carry any marks which could lead to the identity of the voter being revealed, nor show any asterisks or similar devices against names of retiring office-bearers. However, the class of membership of candidates may be added to their names. There shall be a separate ballot paper for each office being contested.
 2. The ballot paper package to be posted to eligible voters is to include:
 - (a) an outer envelope addressed to the member's registered postal address, and containing;
 - (b) a stamped envelope, addressed to the Returning Officer, on the back of which is an instruction for the voter to place his name and membership number (shown on his RSL membership card) thereon.
 - (c) an envelope, clearly marked "Voting Papers",
 - (d) the voting Paper(s) and,
 - (e) clear instructions to the Voter on the method of marking the ballot paper(s) and how to assemble the package for return to the Returning Officer. This is to include an instruction NOT to mark or otherwise identify themselves on the envelope marked "Voting Papers".
 3. The member is to exercise his vote in accordance with his/her wishes and place the completed ballot papers in the envelope marked "Voting Papers" and seal the envelope. Place this sealed envelope in the stamped envelope addressed to the Returning Officer, seal it and write his/her name, together with his/her RSL membership number, on the back of the envelope and post it or hand deliver it to the Returning Officer.
 4. On receipt of the envelope, The Returning Officer must make sure that the envelope has not been tampered with and record the return against the name of the member as mentioned above. Together with the scrutineers, the envelope is to be opened and the inner sealed envelope bearing the words "Ballot papers" then deposited, unopened, in the locked ballot box. Save and except, if the member has failed to place his name and member number on the outer envelope the Returning Officer must clearly mark the envelope marked "Ballot papers" INFORMAL and consequently that paper will not be counted.

5. At the appropriate time, after the closing of the ballot, the Returning Officer, together with the scrutineers, will open the ballot box, remove and count the ballot papers. No other person or persons shall take part in the count.
 6. The Returning Officer will deliver and declare the result of the ballot to the AGM.
- O. The Returning Officer must not be a candidate for office or a Sub-Branch employee and together with the scrutineers must be, and be seen to be; impartial, and should desist from nominating or seconding candidates. The Returning Officer should have a sound understanding of the relative rules and processes, especially with the method of counting of votes.
- P. The Sub-Branch Committee, when determining the method to be used in marking ballot papers shall decide whether the 'first past the post' system or the 'priority' (preferential) system shall be used, as follows:
1. (a) **FIRST PAST THE POST.** Under this system, the voter in effect has as many votes as there are candidates to be elected. Each vote is of equal value and must be used for a different candidate; voting for either more or less than the correct number of candidates invalidates the voting paper. Thus if there are eight candidates, of whom three are to be elected, voters will place crosses against three (and only three) names.

(b) If there is only one candidate to be elected (such as a Sub-Branch Officer), the Returning Officer sorts the ballot papers into piles, one pile for each candidate voted for and one further pile for informal. The Returning Officer then counts the number in each pile and makes sure that the totals add up to the number of votes cast. The candidate with the largest number of formal votes, is then declared elected.
 2. (a) **PRIORITY (PREFERENTIAL).** Under this system the voters indicate their preference for the various candidates by placing "1" against the name of their first choice "2" against the name of their next choice, and so on.

(b) A vote is informal unless a number is placed against every name. It is also informal if a number is duplicated or missed out.

(c) When counting votes, the Returning Officer sorts the ballot papers into piles, one pile for each candidate given a first choice and one further pile for informal. The Returning Officer then counts the number in each pile and makes sure that the totals add up to the number of votes cast.

(d) If there is only one candidate to be elected, the procedure is as follows: if any candidate has received more than half the formal first preferences cast, that person is declared elected. If no candidate is in that position, the candidate with the lowest number of first preferences is eliminated, and his or her votes are distributed (that is added to the remaining piles) according to the second preferences shown. If any candidate has more than half the votes cast in that candidate's piles at that stage, then that person is declared elected. If no candidate is in that position then the candidates with the smallest number of votes at that stage is eliminated, and his or her votes are distributed to the remaining candidates according to the next preference shown. This process is repeated until some candidate has more than half the total formal votes cast. At each stage the totals of all the piles should add up to the number of votes cast.

(e) If there are two or more candidates to be elected, the procedure is to some extent similar: If any candidate has more than half the total formal votes cast, that person is declared elected, and

is called the "first-elected candidate". If no candidate is in that position elimination from the bottom is carried out, as described above, until one candidate reaches the required majority of votes (that is, more than half) and becomes the "first elected candidate". Fresh piles are then made using all the ballot papers including those cast for candidates eliminated during the previous count. Votes for the first elected candidate are then allocated according to their second preference, and the process is repeated to ascertain the "second elected candidate". A "third elected candidate", a "fourth elected candidate" etc are then determined in a similar manner, the process stopping when the required number of candidates has been elected.

- Q. Notwithstanding the above, the State Executive may, either of their own volition or at the request of the Sub-Branch Committee or of a General Meeting of members, appoint a person to be the Returning Officer and/or, if considered to be in the best interests of the Sub-Branch and of the State Branch, conduct the election including any resultant ballot, and deliver the outcome to the Annual General Meeting or to an Extraordinary General Meeting of the members; called for the purpose, by the State Executive. Any arrangement made under this clause shall be at the cost of the Sub-Branch.
- R. All members are reminded that canvassing is not permitted for any elected position in the Sub-Branch [Branch Rule 4.9; Bylaws 10A Rule 20(m) & 10B Rule 20 (m) refers].
